Dear Readers

Foreign trans scholarships

PJNS upgraded, now all submission of articles will be via online our email admin@pakjns.org then it is processed for plagiarism, peer review etc. it is online now. We hope our readers will benefit from its online serial website the

During the Neurotrauma Conference at Peshawar, PSN had meeting with Mr. Franco Servadei President WFNS. He agreed to provide short term training/visits of PGRs or young Neurosurgeons to the well established centers of the world. PSN is in contact with International Societies and many short term Visits 2/3 Months are available. All young Neurosurgeons/Senior PGRs should avail these opportunities. The International Candidates should apply to PSN Executive Committee VIA Dr. Muhammad Usman Publication. Secretary PSN or President PSN Prof. Mumtaz Ali.

SAARC Neurosurgery March 28th – April 1st 2018

This was a mega event in the History of Pakistan. Neurosurgeons from SAARC Countries participate. World best and renowned faculty from Europe, USA, Russia, Japan, Canada and SAARC Countries presented excellent lectures/video/demonstrations. We arranged 8 Hands on Workshops, on March 28 – 29 PINS LGH Lahore main conference was held on March 30 – 1st April at PC Lahore presentations were the state of the art, full of knowledge and skill. All the young Neurosurgeons/PGRs attended it with true spirit of gaining knowledge, practice and skill. Prof. Dr. Muhammad Anwar was the Chairman of the Conference, while Prof. Khalid Mahmood, Prof. Rizwan Masood Butt, Prof. Asif Bashir and Prof. Shahzad Shamus were the Co-Chairman's of this mega event. Prof. Albert Sofianove from Russia invited Young Neurosurgeons of Pakistan for training for Russian & Vice Versa.

Need of Neurosurgery Institutes in the Country

World over there is new concept of making institutes of Neurosciences. Similarly other institutes. Like PIC, FIC, MIC of Cardiology Children Hospital are delivering a great service to the patients. The Pakistan Society of Neurosurgeons demands establishment of Neurosciences Institutes all over the country which should be autonomous. PSN Executive Committee had approved a resolution for such Institutes among all Province of Pakistan and one at Islamabad by Federal Govt. of Pakistan. All members of PJN are requested to struggle for multiple neurosciences institutes in the country.
